

Release note

Type filter in the Catalog

Release date: 17 June 2015

To help you find content more quickly in the Catalog we've added a handy **Type** filter.

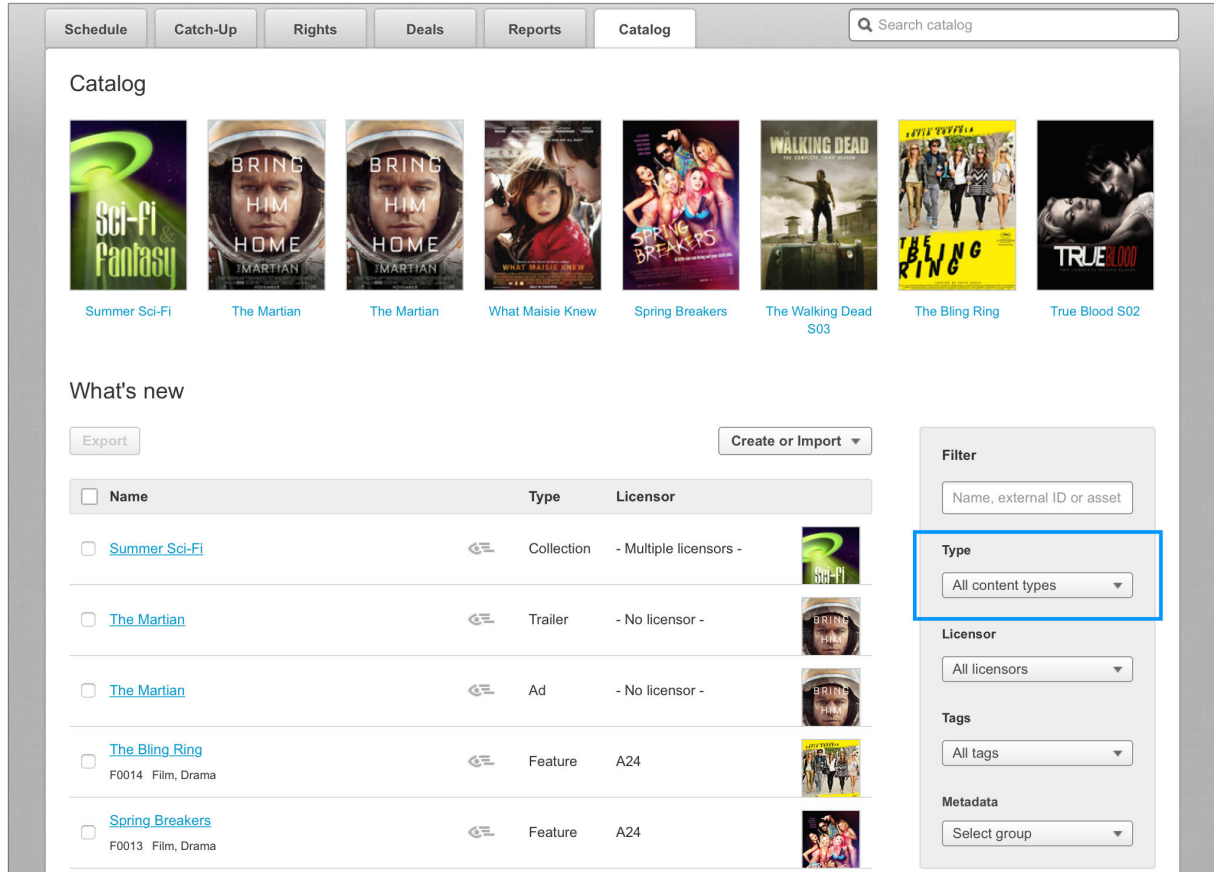

This note describes what has changed in full, and as usual you can contact **support** or your technical account manager for further clarification.

BeBanjo reference(s)

Application	Issue	Title
movida	3727	Filter by content Type in the Catalog

A certain Type of content

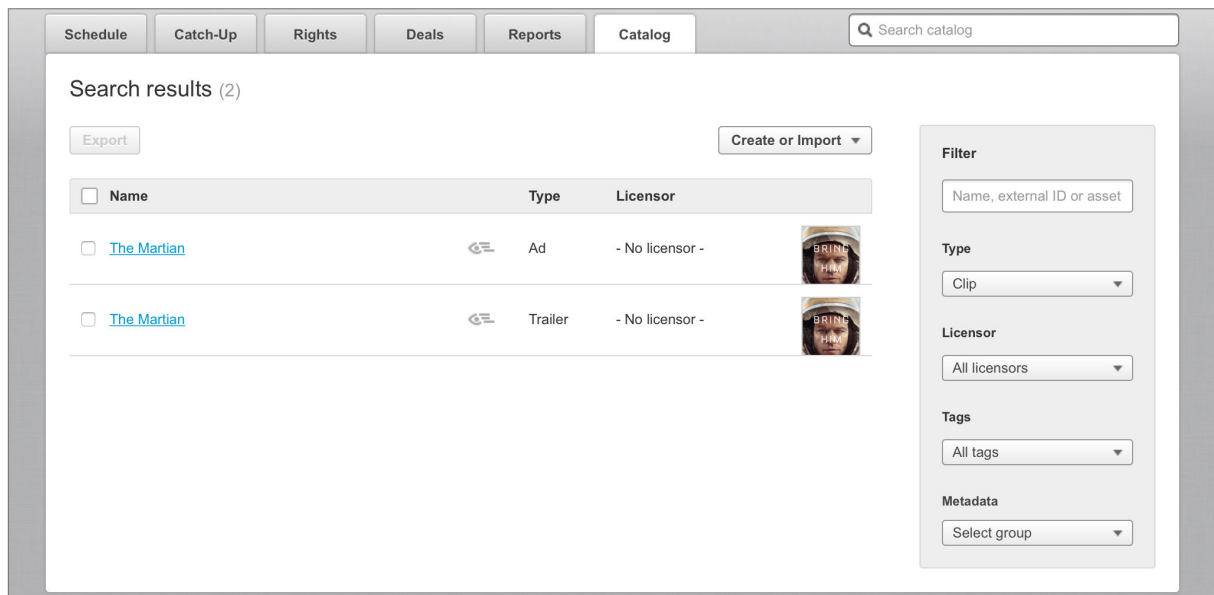

Movida lets you manage several types of content in its Catalog page: **Features**, **Clips**, **Series** (or Seasons if you prefer that sort of thing), **Episodes**, and **Collections**. The new **Type** filter lets you find content of a certain Type:

The screenshot shows the 'Catalog' tab selected in the top navigation bar. Below the navigation bar, there's a search bar and a 'Catalog' heading. A row of content thumbnails is displayed, including 'Summer Sci-Fi', 'The Martian', 'What Maisie Knew', 'Spring Breakers', 'The Walking Dead S03', 'The Bling Ring', and 'True Blood S02'. Below this, a 'What's new' section contains an 'Export' button and a 'Create or Import' dropdown. A table lists the content items with columns for Name, Type, and Licensor. The 'Type' filter in the sidebar is highlighted with a blue box and set to 'All content types'.

Name	Type	Licensor
Summer Sci-Fi	Collection	- Multiple licensors -
The Martian	Trailer	- No licensor -
The Martian	Ad	- No licensor -
The Bling Ring F0014 Film, Drama	Feature	A24
Spring Breakers F0013 Film, Drama	Feature	A24

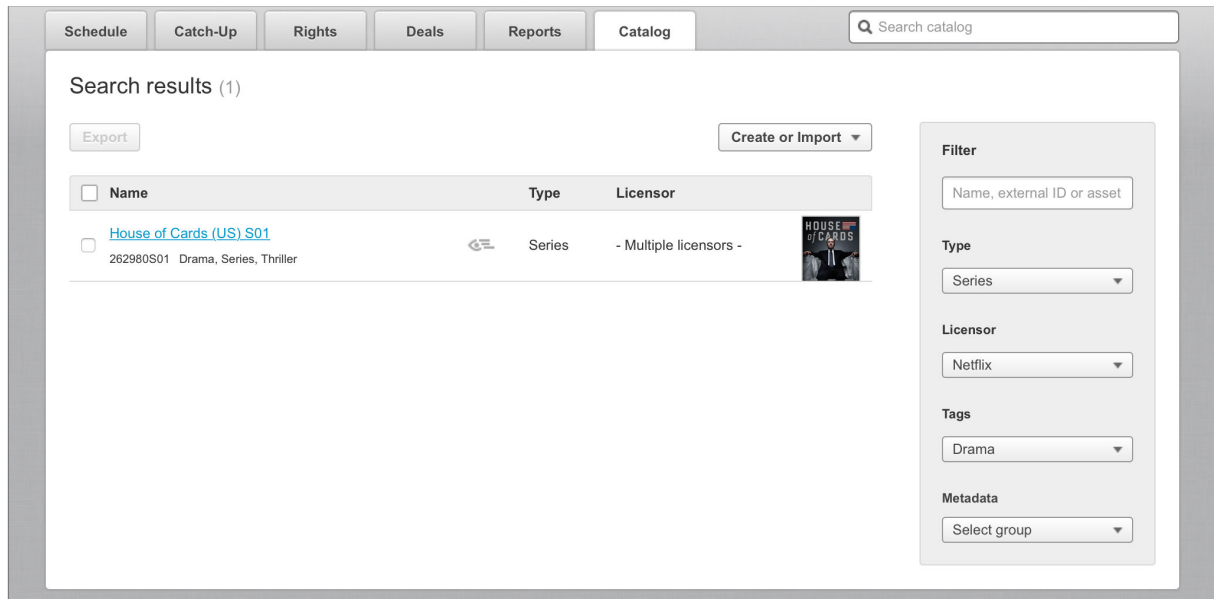

Here's an example of the Catalog page being filtered to show Clips:

The screenshot shows the 'Catalog' tab selected. The page title is 'Search results (2)'. The table now only contains two items, both of which are 'Clips'. The 'Type' filter in the sidebar is set to 'Clip'.

Name	Type	Licensor
The Martian	Ad	- No licensor -
The Martian	Trailer	- No licensor -

The Type filter can be combined with *any* of the other available filter options; here you can see it being used with **Licensor** and **Tags**:

The screenshot shows the 'Catalog' tab of the Movida interface. At the top, there are navigation tabs: Schedule, Catch-Up, Rights, Deals, Reports, and Catalog. A search bar on the right contains the text 'Search catalog'. Below the navigation, the search results are displayed under the heading 'Search results (1)'. There is an 'Export' button on the left and a 'Create or Import' button on the right. The search results are presented in a table with columns for Name, Type, and Licensor. The first result is 'House of Cards (US) S01' with a sub-entry '262980S01 Drama, Series, Thriller'. The Type is 'Series' and the Licensor is '- Multiple licensors -'. A small thumbnail image of the show is visible to the right of the table row. On the right side of the interface, there is a 'Filter' panel with several dropdown menus: 'Name, external ID or asset' (text input), 'Type' (set to 'Series'), 'Licensor' (set to 'Netflix'), 'Tags' (set to 'Drama'), and 'Metadata' (set to 'Select group').

<input type="checkbox"/>	Name	Type	Licensor
<input type="checkbox"/>	House of Cards (US) S01 262980S01 Drama, Series, Thriller	Series	- Multiple licensors -
