Collections and Titles improvements

Release date: 9 April 2014

We've improved the Collection functionality in Movidia to make it even easier for you to create and edit a Collection and its content, including the ability to easily re-order the Titles in a Collection.

This note describes what has changed in full, and as usual you can contact [support](#) or your technical account manager for further clarification.

Create Collection

The Create Collection page has been improved and it's now easier to add, remove, and reorder Titles when creating a Collection; the Titles section is always present.

If you choose to add Titles when creating the Collection you'll see that the table of Titles shows you the External ID for each Title, and there's a "handle" against each Title that lets you re-order the Titles before you create the Collection; you can also easily remove a Title by clicking its cross icon.

Titles

The Titles page has been improved so that you can sort the table of Titles (e.g. by Number or Name). Here's the new page:

The screenshot shows a sidebar with navigation options: Activity, Titles (8), Schedule, and Images (0). The main content area is titled 'Titles (8)' and features an 'Edit title list' button. Below the title is a table with the following data:

#	Name	External ID
1	Peppa Pig: S01 E01, Muddy Puddles	
2	Peppa Pig: S01 E02, Mr Dinosaur is Lost	
3	Peppa Pig: S02 E01, Bubbles	E1E000199733

Please note that if a Collection contains more than 40 Titles then the list is paginated.

Edit Titles List

Clicking the **Edit Titles List** button in the Titles section for a Collection will show the new Edit Titles page:

The screenshot shows the 'Edit Titles' page with a navigation bar (Schedule, On Demand, Rights, Deals, Reports, Catalog) and a search bar. The breadcrumb trail is 'Catalog > Peppa Pig > Titles > Add Titles'. A 'Create or Import' button is visible. The main content area is titled 'Edit Titles' and features a search field 'Find titles to add'. Below the search field is a table with the following data:

#	Name	External ID	
1	Peppa Pig: S01: E01, Muddy Puddles		✕
2	Peppa Pig: S01: E02, Mr Dinosaur is Lost		✕
3	Peppa Pig: S02: E01, Bubbles	E1E000199733	✕

8	Peppa Pig: S04: E02, Whistling	E1E000649173	✕

At the bottom of the table, there is a blue 'Update Titles' button and a link 'or cancel'. The footer contains the text 'Any problem or suggestion? Let us know!' and the 'movida' logo with the tagline 'is a BeBanjo product.'

Notice that there's a "handle" against each Title that lets you re-order the Titles; you can also easily remove a Title by clicking its cross icon. New Titles can be added to the Collection by using the **search** (Find titles to add) field.
